## Pro:Idiom® Ensures Secure HD Programming – Simply

Do you want maximum HDTV without extra costs and in-room equipment? Pro:Idiom® ensures the content security that HD programming providers require, without a set-top box. If your TVs and headend systems don't include Pro:Idiom® capabilities you'll need extra hardware to deliver HD to your guests. Your LodgeNet representative would be happy to tell you more about our Pro:Idiom® equipped HDTV solutions.

## THN Update: Guest Promotions

The Hotel Networks (THN) offers hoteliers the opportunity to upgrade their guest amenities and increase revenues through creative on-site Guest Promotions. Earlier this year THN partnered with three Houston, Texas hotels on behalf of a company exhibiting at HELI-EXPO 2010. Attendees staying at the host properties found a complimentary book in their rooms recounting accomplishments of the exhibiting company. If you are interested in participating in THN's Guest Promotions, please contact [promo@thehotelnetworks.com](mailto:promo@thehotelnetworks.com).
